2) Uniform Rules for 4-H Horse Shows with regards to the helmet policy:

All youth age 19 and under, participating in any 4-H equestrian activity, are required to wear properly fitted protective headgear which meets or exceeds current ASTM/SEI standards with the chin harness securely fastened at all times while riding or driving an equine.

It is the responsibility of the rider, or the parent/guardian of the youth participant, to make sure that the headgear worn complies with appropriate safety standards for protective headgear intended for equestrian use and is properly fitted and in good condition. The Ohio 4-H Horse Program, show committees, officials, Extension personnel, and volunteer leaders are not responsible for checking headgear worn for such compliance.

Extension personnel and volunteer leaders make no representation or warranty, expressed or implied, about any protective headgear and caution riders that death or serious injury may result despite wearing such headgear, as no helmet can protect against all foreseeable injuries in equestrian activities.

The Ohio 4-H Horse Program, show committees, officials, Extension personnel, and volunteer leaders may, at his/her discretion, check a participant's protective headgear for proper standards.
